

Cascade Clamp

Cascade Clamps - Cascade Manufacturing Company was established in Portland, Oregon in 1943. They started out as a small machine shop at first hiring four individuals. Product sales for their first year of operation amounted to about \$60,000. The first recorded sales revenues involved the assembly and machining of stainless-steel pipe fittings, valves and different parts. Throughout 5 years of operation, the business had expanded to 40 staff and their yearly sales volume had increased to \$330,000. Today, Cascade is one of the leading global makers in the material handling trade.

Manufacture and design of the company's initial hydraulic cylinder paved the way in Cascade's aggressive pursuit of new business opportunities. During the past 60 years, the material handling industry has grown into a highly sophisticated field and Cascade has proudly performed a part in this progress. Cascade at the moment continues to develop as the best supplier of lift truck attachments and various related items. The company feels confident in their potential so as to continue to lead the way within the business by understanding buyer's requirements in the future and remaining aggressive within the international market.

All through the nineteen fifties, Cascade began to make, design, and advertise its hydraulic accessories. A brand new facility was constructed in the year 1956, in order to house all of the plant offices and operations in Portland, Oregon, which continues to be the company's present center of operations. After 15 years of business, total staff reached a hundred and eighty staff and sales had reached nearly \$2,300,000.

In the year 1959 in Springfield, Ohio the next production facility was built. 1960 marked Cascade's initial move into the international world of the material handling industry while the company established interest in the Netherlands, England, and Australia.

In the year 1964, the company altered its name to the Cascade Corporation. Then in the year 1965, the business went public with an initial offering of two hundred thousand shares of common stock. Since then the business has expanded its manufacturing services within the continental USA to the locations Warner Robins Georgia to go along with its already present plants in Portland, Oregon and Springfield, Ohio. Cascade merchandise are fabricated globally because of numerous subsidiary operations. In the year 1944, a new facility was completed in Almere, the Netherlands which is Cascade's European head office. This facility is designed to be the ultimate customer support centre.

Continuing to develop, Cascade expanded their product offering further in 1996 and the year 1997 with the impressive acquisition of 5 companies, including the worldwide best in blades, the Kenhar Corporation.
