

Rockwell Parts

Rockwell Parts - The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for delivery, quality, service and technology. They believe in working in an environment which encourages the utmost integrity with empowered collaboration, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever questions or comments, as they are happy to promote and share this policy with a greater understanding of their efforts. They are really devoted to improving and preserving the environment. AxleTech has an EHS program that not only protects the environment but which even actively protects their workers and neighbors also.

AxleTech specializes in the manufacture and designing of planetary axles for both commercial and military applications, which can comprise anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech particularly designs axles to be able to meet certain application demands. They have over one thousand various axle specs in their present offering. With more than 100+ years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in several commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have added details which can be found in the "ISAS" product collection.
