

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global trade. Transporting industrial goods happens each and every day on our busy planet. Originally innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained recognition following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

With more than fifty years of accumulated expertise and technology, TCM has been proudly making various models of industrial forklifts, making their models known all around the globe. With a strong and energetic workers, TCM has been able to constantly work towards becoming a future leading material handling company.
