

Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Ingersoll Rand provides solutions, services and products to ensure efficiency and increase the productivity in industrial, commercial and residential surroundings. They pride themselves in providing products to enhance the security, health, safety and comfort of people around the globe through their four international segments.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, contracting and building advanced controls, services and parts support for both residential homes and commercial buildings.

Ingersoll Rand's Industrial Technologies sector provides products and solutions which enhance their customers' operation, energy efficiency and productivity. The product range is diverse ranging from tools and pumps, material and fluid handling systems to complete compressed air systems. They have even developed Club Car, the worldwide leader in utility and golf vehicles designed for individuals and companies.

Popular trade names like for instance Schlage and Trane compromise the Residential Solutions business, providing safety, efficiency and comfort to home owners all across North America. Several of their innovative quality products consist of electronic and mechanical locks, indoor air quality solutions, heating and air conditioning systems, portable security systems, advanced controls and remote home management.

Ingersoll Rand' Security technologies offer products that ensure productive, secure and safe surroundings. This division's market leading products include floor and door closers, portable security devices, exit devices, electronic and biometric cabinet hardware, access control systems, steel frames and locks and doors, decorative hardware and locksets. Schlage likewise has products that offer personal, time and attendance scheduling systems.
